BRIAN DAVID HILL,
Defendant.

ORDER REGARDING DISCOVERY

Came this day, the Defendant, Brian David Hill, by counsel, who moved, pursuant to Rule 3A:11 of the Rules of Court, that the Commonwealth's Attorney be directed to permit the Defendant discovery in this case, as set forth in the said Rule, and upon the motion of the attorney of the Commonwealth requesting reciprocal discovery under the said Rule; and,

It appearing to the Court that discovery pursuant to Rule 3A:11(b) should be granted to the Defendant, it is hereby ORDERED that the Commonwealth's Attorney permit counsel for the Defendant to inspect and copy or photograph, within a reasonable time, before the trial or sentencing, the following:

(1) Any relevant written or recorded statements or confessions made by the Defendant, or copies thereof, or the substance of any oral statements or confessions made by the Defendant to any law enforcement officer, the existence of which is known to the attorney for the Commonwealth, any certificates of analysis pursuant to §19.2-187, and any relevant written reports of autopsies, ballistic tests, fingerprint analyses, handwriting analyses, blood, urine, and breath tests, other scientific reports, and written reports of a physical or mental examination of the Defendant or the alleged victim made in connection with this particular case, or copies thereof, that are known by the Commonwealth's Attorney to be within the possession, custody, or

control of the Commonwealth.

(2) Any exculpatory information or evidence under the guidelines established by Brady v. Maryland, 373 U.S. 83 (1963), and subsequent case law, whether by way of statements, real evidence, scientific analysis, or reports, known to or in the possession of the Commonwealth.

(3) The Commonwealth shall promptly notify counsel for the Defendant of the existence of any additional material subsequently discovered (until the time of trial and at trial) which falls within the scope of this motion and make all such additional material available to the Defendant's attorney in accordance with the text and intention of this Motion.

It appearing to the Court that the motion for reciprocal discovery filed by the attorney for the Commonwealth pursuant to Rule 3A:11 should also be granted, it is hereby ORDERED that counsel for the Defendant permit the Commonwealth's Attorney to inspect, copy, or photograph, within a reasonable time, but not less than ten days before the trial or sentencing, any written reports of autopsy examinations, ballistic tests, fingerprints, blood, urine, and breath analyses, and other scientific tests that may be within the Defendant's possession, custody, or control and which the defense intends to proffer or introduce into evidence at the trial or sentencing;

It is further ORDERED that the Defendant disclose whether he or she intends to introduce evidence to establish an alibi, and, if so, to disclose the place at which he or she claims to have been at the time of the commission of the alleged offense.

It is further ORDERED that if the Defendant intends to rely upon the defense of insanity or feeble-mindedness, the Defendant shall permit the Commonwealth to inspect, copy, or photograph any written reports of physical or mental examination of the Defendant made in connection with this particular case.

It is further ORDERED that the inspection and copying or photographing by the counsel for the Defendant shall take place at the office of the Commonwealth's Attorney at Martinsville, Virginia, or at some other mutually agreeable location, by appointment or at any convenient time during regular office hours, and that the inspection and copying or photographing by the attorney for the Commonwealth shall take place at the office of the counsel for the Defendant, or at some other mutually agreeable location, by appointment or at any convenient time during regular office hours.

Dear Mr. Hill,

Please see the following information in regards to your FOIA request. These answers were provided by Police Chief Rob Fincher.

#1

The Martinsville Police Department utilizes a server-based video system created by COBAN Tech Corporation which is now owned by Safe Fleet Inc. This system has a programed Digital Video Management System or DVMS. The DVMS follows a retention system for those videos that have not been marked as evidence by the Commonwealth's Attorney's Office. If the Commonwealth's Attorney's Office designates a video as evidence it is retained indefinitely. All other videos are subject to the DVMS retention schedule. The DVMS begins cleanup when a video is within the minimum and maximum hold period for its event classification and when the disk usage is more than 80% and have not been accessed in 150 days. DVMS cleanup refers to changing the file allocation address of that data file to allow for other data to be stored in place of that file. This is like all computer systems in that if you tell the computer to delete an item, it is not actually deleted but designated to be overwritten. The event type retention schedule for the DVMS is as follows;

| Event Type | Minimum Days | Maximum Days |
|------------------------------|--------------|--------------|
| Assist other Agency | 183 | 200 |
| Assist other Officer | 183 | 200 |
| Vehicle Crash | 183 | 200 |
| Alarm – Business/Residential | 120 | 150 |
| Body Camera default | 183 | 200 |
| Criminal Apprehension | 365 | 400 |
| CIT – ECO – TDO | 183 | 200 |

| | | |
|---------------------------|-----|-----|
| Disorderly Person / Group | 183 | 200 |
| Domestic | 365 | 400 |
| DUI-DUID | 365 | 400 |
| Funeral Escort | 30 | 31 |
| General Assistance | 180 | 200 |
| General Traffic Stop | 365 | 400 |
| Interview Rooms | 365 | 366 |
| Pursuit | 365 | 400 |
| Redlight/Stop Sign | 200 | 201 |
| Suspect Interview | 365 | 400 |
| Speeding | 183 | 200 |
| Training | 200 | 300 |
| Victim Interview | 183 | 200 |
| Video Training | 10 | 11 |
| Witness Interview | 183 | 200 |

#2

If a court receives an item as evidence or potential evidence, then the court retains those items in their evidence storage. A court can issue a preservation order in certain circumstances for a limited time with certain data evidence. I have not heard of one ever being used for video data. It is mostly used for cellphone and telephone data. If litigation is filed within a court then the status of a video regarding that case would then be changed to "evidence" and then retained indefinitely. Notice of that litigation would have to be served on the department within the retention period followed. If a suit is filed after the evidence has been destroyed there is no way to "un-destroy" an item.

#3

In the records logs, I see that two videos, one body camera and one in-car camera, that were labeled David Hill from that date were removed (deleted) by the DVMS system on 4/9/2019. Neither video was indicated as evidence, so unfortunately, we do not have either. If I had the videos, I would have no problem giving them to you but unfortunately, I do not.

Sincerely

Kendall Davis

To Whom This May Concern:

On January 30, 2019 I went to the house at 310 Forest St., Martinsville, Va 24112 to measure and give a price for a Chimney cover. Roberta Hill and her parents: Ken & Stella Forinash escorted me to Apt 1 to show me the fireplace which had a small amount of white residue inside, no damage to the ceiling and wall around the fireplace. They then escorted me downstairs to Apt 2 where parts of the ceiling above the fireplace had fallen and there was a lot of damage in the remaining ceiling below the hearth of the fireplace in apt 1 located above apt 2 and a lot of damage along the wall in apt 2 above and on both sides of the fireplace as well as a lot of white residue inside of the fireplace. After this, we went down another flight of stairs to the basement where the gas boiler heater and the gas hot water heater were located to show me that there would be 3 holes in the chimney.

I then went outside and got my ladder to measure the chimney. This was when I found out that all 3 holes were covered with tin. Knowing that the gas boiler heater & gas hot water heater needed to be vented at all times, I immediately removed the tin covering the hole so carbon monoxide would no longer go through the house. Ms Hill had informed me that she had called a chimney sweep in Rocky Mount, VA in October, 2017 to clean the chimney and to put screen on all holes after the family spotted birds going into their fireplace the year before. In my 25 years of doing this type of work, this was the first time I have ever seen tin covering holes where it is important to vent gas heaters. I showed the family the tin I had just removed and had them to climb my ladder to look at the chimney. We then went back in the house, and I informed them that the white residue inside both fireplaces was from the gas that had no other place to escape and informed them that they had been exposed to carbon monoxide poisoning, but now that the tin had been removed, there should no longer be any problems. I returned to the house on February 4, 2019 and installed a stainless steel multifaceted chimney cap vented with screen on all 4 sides. GA

X-RAYS and LAB TESTS:

If you had x-rays today they were read by the emergency physician. Your x-rays will also be read by a radiologist within 24 hours. If you had a culture done it will take 24 to 72 hours to get the results. If there is a change in the x-ray diagnosis or a positive culture, we will contact you. Please verify your current phone number prior to discharge at the check out desk.

MEDICATIONS:

If you received a prescription for medication(s) today, it is important that when you fill this you let the pharmacist know all the other medications that you are on and any allergies you might have. It is also important that you notify your follow-up physician of all your medications including the prescriptions you may receive today.
